D-TEAM Studio — Quotation Master

Rate card, equipment kits and quotation templates for media production · Prepared by D-TEAM Studio

1. How D-TEAM prices a job

Quote = Equipment (daily rate × days) + Production fee (hourly or flat) + Individual crew + Extras. Minimum engagement: ₦300,000.

Assumptions used in this document (confirm or correct):

- The production fee covers D-TEAM's operating crew and video editing. A dedicated director is added at ₦50,000 per day, and sound engineers and lighting are negotiated per job. Equipment is charged separately at the daily rate card. Photographers, designers and content creators are added as individual crew.
- The ₦300,000 minimum applies to full production engagements. À la carte hire of a single item (for example a drone at ₦50,000) follows the rate card.
- Transport is covered by the organizers.
- Internet is provided by an Airtel ODU router at ₦20,000 per day instead of Starlink.
- Printing is quoted separately through a WhatsApp DM to D-TEAM.
- Services outside media (software, network engineering and similar) remain a custom quote.
- D-TEAM provides everything an event needs, including lighting, sound, LED screens, cranes, RED cameras and dollies. These are not inside the packages below. They are quoted per job through a DM to D-TEAM and added on top.
- Every event gets a free sound card and 2 HDMI cables (a ₦15,000 saving, counting the cables at ₦5,000 each). Bookings above ₦4,000,000 also get ₦100,000 off.

2. The five pillars behind every project

#	Pillar	What it means
01	Excellence	Setting a high standard in everything we do.
02	Innovation	Finding smarter, more effective ways to deliver media solutions.

#	Pillar	What it means
03	Creativity	Turning ideas into compelling visual experiences.
04	Quality	Maintaining professional standards across every service.
05	Delivery	Executing every project reliably and effectively.

8. Multi-day and month-long jobs

8.1 Multi-day (2 to 10 days)

Price each day on its own using the formula in section 1, because each day can use a different kit. Example for a three-day church conference:

Day	Setup	Equipment (₦)	Fee (₦)	Day total (₦)
Day 1: opening night (4 hours)	Kit B	302,000	400,000	702,000
Day 2: main session (8 hours)	Kit C	565,000	800,000	1,365,000
Day 3: closing service (5 hours)	Kit B	302,000	500,000	802,000
Photographer, 3 days		75,000		75,000
Free sound card and 2 HDMI cables (once per event)				−15,000
Total				**2,929,000**

8.2 Flagship event (for example a 4-day chain industry event)

Day	Programme	Rate (₦)
Day 1	Outdoor rally	4,000,000
Day 2	Indoor studio day	4,000,000

Day	Programme	Rate (₦)
Day 3	Main event, day one	4,000,000
Day 4	Main event, day two and closing	4,000,000
Subtotal		16,000,000
Free sound card and 2 HDMI cables		−15,000
Discount (booking above ₦4,000,000)		−100,000
Total		**15,885,000**

This example uses the entry flagship rate of ₦4,000,000 per day. Lighting, sound, LED screens and cranes are quoted per job through a DM and added on top. At this tier, Kit C (₦565,000) plus ten hours of production fee (₦1,000,000) accounts for ₦1,565,000 of the day rate; the balance covers extra crew, social content and graphics.

8.3 Flagship tiers and mega productions

Flagship day rates run from ₦4,000,000 to ₦20,000,000, set by the size of the production. The bands below are a proposal to confirm.

Tier	Day rate (₦)	Typical production
1	4,000,000	Kit C, one venue, about 10 hours, one drone
2	8,000,000	Kit C plus extra cameras, a second drone and LED screens
3	12,000,000	Several stages or rooms, full lighting and sound, large crew
4	16,000,000	Multi-location live broadcast, several drones, specialist cameras
5	20,000,000	Full broadcast production with cranes, dollies and LED walls

Mega productions above ₦20,000,000 per day, such as football matches and festivals, are custom quotes. They add RED cameras, dollies, cranes, several drones and other large equipment, priced item by item.

8.4 Month-long engagements

Monthly rates for individuals:

Service	Monthly (₦)
Content creator	100,000
Graphic designer	150,000
Photographer	150,000
Example content team (one of each)	**400,000**

Equipment for a month-long job is priced at the full daily rate in section 5 less the ₦100,000 discount when the booking is above ₦4,000,000.

9. Content, design, photography and printing

Service	Rate
Content creation	₦15,000 per video or ₦100,000 per month (video editing is priced under this rate)
Graphic design	₦25,000 per day or ₦150,000 per month
Photography	₦25,000 per day or ₦150,000 per month
Drone job (alone)	₦50,000 per job
Printing (banners, flyers, backdrops and more)	WhatsApp DM D-TEAM for a quote

11. Open items

Confirmed since the first draft: monitors, NDI and graphics operation, audio mixer and XLR cables are free; extension cords and dummy batteries add ₦20,000 to Kit C; a dedicated director is ₦50,000 per day; video editing sits inside the production fee and the content creator rate; every event gets a free sound card and 2 HDMI cables. Still open:

- Sound engineer and lighting rates: negotiated per job.
- Lighting, sound, LED screens, cranes, RED cameras and dollies: quoted per job through a DM until a rate card exists.
- Flagship tiers 2 to 5 (₦8,000,000 to ₦20,000,000 per day): the bands in section 8.3 are a proposal.
- Camera operator and switcher operator: assumed to be inside the production fee.
- Free HDMI cables: valued at ₦5,000 each (the 10m rate) in the ₦15,000 saving.
